

CHAMPIONSHIP VINYL: THE DAY ROB GORDON BOUGHT AN I-POD

Commissioned by Dr. Rick Kurasz, percussion professor at Western Illinois University, *Championship Vinyl...* is a whimsical portrait of being a thirty-something year old man enjoying the company of his very young daughter. Each movement is inspired by the quirky things that Rick's daughter, Quinn, has said at one time or another.

These were part of a tour Dr. Kurasz presented in the fall of 2009 and may be expanded into a larger work in the future.
